

WELCOME TO THE WHEEL

The Wheel symbolizes the array of opportunities revolving around a unique “hub” called Club Auto Sport. Club Auto Sport is many things to many people. It’s a **stunning event center**, a **dynamic business center**, an **innovative development center for clean technologies**, and a **club for auto enthusiasts** – all under one roof. To you, Club Auto Sport is a high-octane environment that offers unmatched exposure for your business. Relationships have been created that connect you with customers, products and technology for greater success & a great experience!

Club Auto Sport is a think tank of opportunities! With the foundation of CAS Ventures, L. P. and the Fast Lane to Clean Technology development center, along with other groundbreaking businesses it’s not surprising that Club Auto Sport is rapidly emerging as a birthplace for the next generation of innovative products.

Club Auto Sport has become the place to be and be seen. A superior venue hosting a surge of prestigious social, corporate and charitable events for members and guests. Custom. Creative. Exotic. A welcome utopian oasis; onsite, offsite, indoor, outdoor, day or evening. The event center brings unsurpassable intrigue, powerful exposure, state-of-the-art technology and multiple attractions to any size group – or themed event.

We give back to the community through our support of local charitable organizations. Many hold events in our stunning clubhouse, TMFC museum and patio. Ride-along programs such as Club Auto Sport’s *Ride of Your Life* and our event space have raised thousands of dollars for a variety of worthy causes.

Club members enjoy a variety of benefits, opening doors to services provided by the club’s concierge and valet. Enjoy event exposure, privileges and discounts. A fully equipped onsite fitness facility that offers you efficiency for mental and physical wellness in a secure environment for an optimum networking performance.

TEAM CLUB AUTO SPORT

The selection of onsite businesses grows daily. From sophisticated audio/visual installation, financial planning, web design, insurance, landscaping, graphics, signage, construction management, and art framing. To vehicle maintenance, race car prep, custom auto detailing, discount auto brokerage, exotic car sales, vehicle or boat storage, custom garages, museums and more. A built-in marketplace – you need to be here!

Club Auto Sport is an active supporter of many local educational institutions. At San Jose State University, we have provided assistance and funding for the school’s successful entries in the prestigious Formula SAE competition, scoring higher than any other college in California.
