LeMay Club Auto and Club Auto Sport Join Forces

(Tacoma, WA) – LeMay – AMERICA'S CAR MUSEUM and Club Auto Sport have agreed to a three-year joint sponsorship deal of linking their locations. The agreement entails a joint membership between all Club Autos, currently in Lakewood, Colorado, Tacoma and Kirkland, Washington and the Club Auto Sport location in San Jose. This allows all members from all locations to have reciprocal benefits at the San Jose location, and vice versa. Through this arrangement, LeMay Club Auto and Club Auto Sport will cross promote and co-host events and tours. The joint sponsorship also includes LeMay placing some of the cars from the Museum collection on the floor at Club Auto Sport in San Jose.

Mike Cesario, Marketing Manager of Club Auto Sport is thrilled with the agreement and commented on how well the two entities go together. "Club Auto Sport and LeMay Club Auto have similar goals and interests and it only made sense. This agreement will allow for cross promotion of both entities while maximizing exposure and having fun while doing it!"

Reciprocal benefits include car storage at all locations, collateral at every location promoting each location, joint car tours and events and cross promotion of each locations events.

About Club Auto Sport

Club Auto Sport opened its doors in June of 2008 and is the vision and dream of Managing Partners John Davis and Ralph Borelli. It has quickly become this country's and perhaps the world's, most successful business and events center, club and car condominium complex. As a premier service oriented facility it has truly established itself as the hub and club for performance driven companies and individuals in Silicon Valley to base their business, host their event, store their vehicle, service their classic or street car and the spot to come and mix with other similarly minded enthusiasts. John, Ralph and the staff invite you to stop by and see for yourself what all the excitement is about at Club Auto Sport, www.clubautosport.net.

About LeMay – AMERICA'S CAR MUSEUM®

AMERICA'S CAR MUSEUM is dedicated to preserving and interpreting the LeMay Collection of automobiles and memorabilia, along with vehicles and artifacts it may acquire. The LeMay Collection was recognized in the Guinness Book of World records as the largest privately held car collection in the world. At its peak, the collection was in excess of 3,000 automobiles, motorcycles, trucks and other vehicles, plus more than 30,000 pieces of related 20th century Americana. Plans are under way to build a brand-new museum campus in Tacoma, WA to feature 1,000 cars and memorabilia. More information is available online at www.lemaymuseum.org.
