

One-Of-A-Kinds at Club Auto Sport's June 14th Cars and Caffeine Series

By Dan Gentile
Car Show Coordinator

One of a Kinds- That was the theme of the June Cars and Caffeine on June 14, 2014. Our special thanks to the Arcane Automotive Society for bringing their unique and seldom seen cars.

The People's Choice Award is a new addition to Cars and Caffeine. The monthly themed car group will be awarded a John Davis "One of a Kind" trophy custom made from engine parts. June's Car and Caffeine winner went to a Renault R5 Turbo, owned by Mike Keenly. Cars and Caffeine fans were treated to an up close and personal look at the 2014 Z-28 Camaro, one of 444 to be made this year. It was on display in the Borelli Motor Sports shop during the event. Our event sponsor was Mobile Mechanic of Mercedes Benz. They were announcing their new mobile service available through select Mercedes Benz dealerships in the area. They also brought a 2015 Mercedes Benz C Class Turbo Diesel to display. Fuel and Fire Lifestyle apparel were our onsite as a vendor sponsor. They were here with their full line of active lifestyle apparel. Food truck service was provided by a Cars and Caffeine favorite, Shark Bait. — a great summer day at Club Auto Sport of San Jose.
